— OUR STORY

Built On Global Standards

Since 2010, Natron has specialised in the large-scale mining, extraction and processing of high-quality natural salts, sourced directly from Egypt's rich deposits in Siwa, and engineered to the demanding specifications of modern industry.

16+

Years of
experience

100%

Naturally Sourced
from Siwa

1500+

Feddans of Active
extraction area

+360K

Tons produced
annually

— THE COMPANY

A Salt Supplier You Can Rely On

Natron delivers consistent purity, dependable performance, and scalable supply for local and global markets.

NATRON'S

Mission

To mine, refine and deliver made-to-spec salt that meets the precise operational standards of modern industry.

NATRON'S

Vision

To be the region's most dependable source of natural and engineered salt that recognised for purity, consistency and scale.

— THE SOURCE

Rooted in Siwa, built for scale.

Our salt is drawn directly from Egypt's mineral-rich Siwa deposits, where exceptional purity is present at the source. Controlled extraction protects that quality from the very first stage.

1500+ Feddans

Active extraction area

100%

Natural origin

— THE PROCESS

From Source To Supply

A controlled, Five-stage chain keeps quality consistent from the salt flat to the loading dock.

01

Mining

Natural salt extraction from Siwa pans.

02

Refining

Processing for purity and grain control.

03

Quality

Specification checks before supply.

04

Packaging

Retail bags, big bags, and bulk handling.

05

Delivery

Lead-time driven logistics network.

— QUALITY & STANDARDS

Precision Engineering at Massive Scale

We manage the physical properties of salt to support complex industrial requirements.

Flexible Grain Sizes

From fine grains to coarse crystals, produced to match application needs.

Precision Lines

Advanced refinement using highly precise machinery for consistent, uniform granulation.

B2B Capacity

350K+ tons processed through automated workflows for seamless high-volume supply.

Tailored Specs

Solutions that fit specialized workflows, and Made-to-spec consistency.

— SOLUTIONS

Salt Solutions by Application

Engineered salt solutions tailored for food, water treatment, agriculture, and industrial use.

Food Salt

Pure, food salt for processing, seasoning and packaging.

FOOD & BEVERAGE

De-Icing Salt

Engineered for road safety and reliable winter ice control.

ROADS & WINTER

Water Treatment Salt

Dependable salt for softening, purification and filtration.

UTILITIES

Raw Rock Salt

Naturally extracted, unrefined mineral-rich salt.

RAW MATERIAL

Industrial Salt

Consistent feedstock for chemical and manufacturing processes.

INDUSTRIAL

Customized Salt

Made to your exact grade, grain and packaging specifications.

MADE-TO-SPEC

— BY NATRON

Product Lines Powered by Natron

Beyond raw salt supply, Natron supports specialized product lines across food, water treatment, and industrial markets.

Al-Nahar®

FOOD SALT

Premium food salt line made from high-purity natural salt, developed for culinary and food-grade applications.

MAZBOOT®

FOOD SALT

Powered by Natron. From our dedicated extraction zones directly to the highest standard of refinement.

SALTTECH®

SALT TABLETS

High-purity salt tablets engineered for water softeners, ensuring optimal performance and system protection.

— THE FACTORY

Processing & Operational Visual Grid

Calibrating consistency to the highest industry standards.

GALLERY

— WHY NATRON

Why buyers choose Natron.

Four reasons procurement teams keep coming back.

01

Reliability

Dependable lead times and scalable supply for local and export markets.

02

Purity

Sourced directly from the Siwa Oasis, of the highest quality salt in the world.

03

Advanced Tech

Utilizing high-tech processing lines to ensure superior output accuracy.

04

Flexibility

Tailoring grains, mineral profiles, and packaging to your exact specifications.

— PACKAGING

Packaging Options by Product Line

Available formats vary by product type, grain size, purity level, and required supply volume.

Food Salt
For food processing, seasoning, and packaging.

- 5 KG
- 10 KG
- Private Label

De-Icing Salt
For road safety and large scale winter treatment.

- 5 KG
- 10 KG
- 25 KG
- 500 KG
BIG BAG
- 1000 KG
BIG BAG
- 1250 KG
BIG BAG
- BULK SHIP
- BULK SILO TRUCK
- BULK TIPPER

Water Treatment Salt

- Crystals:
- 25 KG
- 1000 KG
BIG BAG
- 1250 KG
BIG BAG
- BULK SILO TRUCK
- Private Label
- Grain size
4000–15000 µm
- Tablets:
- 10 KG
- 25 KG
- Private Label
- Tablet size
Ø 25 mm × 12 mm.

Technical Salt
For industrial and technical operations.

- 25 KG
- 50 KG
- 1000 KG
BIG BAG
- 1250 KG
BIG BAG
- BULK SILO TRUCK

Agricultural Salt
Mineral salt blocks for livestock nutrition, and animal feed.

- 25 KG
- 1000 KG
BIG BAG
- 1250 KG
BIG BAG
- BULK SHIP
- BULK SILO TRUCK
- BULK TIPPER

Farm Salt – Salt Licks
For ruminant livestock nutrition.

- 10 KG
BLOCKS

Customized Salt
Packaging can be adjusted according to your requirements.

- Based on Specification
- Custom packaging may be available upon request depending on application, volume, and technical specifications.

① All packaging is designed to protect product integrity, preserve purity, and ensure safe handling during storage and transport.
